## The FARMERS CORNER

by RALPH H. TAYLOR

Executive Secretary  
Agricultural Council  
of California

California farmers, constantly striving to lower the costs of producing and marketing their commodities in an effort to achieve a fair margin of profit, naturally have a vital interest in any and all proposals which would reduce freight rates and make for more efficient, economical transportation.

Two such proposals—S. B. 1113 and 1672—are now pending before the State Legislature and will have the support of the California Farm Bureau Federation, the Agricultural Council of California and other state-wide farm organizations.

Designed to repeal Sections 13½ and 32½ of the Public Utilities Act, under which the State Railroad Commission has fixed rates for all carriers on a uniform and high enough basis to return a profit to the more costly and less efficient transportation agencies, the new bills will lay down this basic principle as a guide to the rate-making agency:

"That the legislative policy of this State is to establish as the going rates the lowest of the lawful rates so determined for the cheapest and most economical form of transportation, whatever that may be."

In effect, the remedial legislation will place the public interest first—guaranteeing farmers and shippers the lowest cost transportation available. The same policy already has been laid down by the Interstate Commerce Commission with respect to interstate shipments, the Commission holding that "The public interests, the advancement of which is the main purpose of the law, does not require that one transportation agency be protected from the competition of another when such competition results from the ability of the latter to render adequate and efficient service at lower cost to itself and lower resulting charges to the public."

Under the existing law, due to the fact that the Railroad Commission has constructed Sections 13½ and 32½ of the Public Utilities Act as a mandate to fix minimum rates for all forms of transportation which would return a profit to the least efficient and most costly carrier, there have been repeated instances in which rail rates have been ordered increased, or proposed reductions enjoined, even when the railroads joined with shippers in protesting that the higher rates were unnecessary.

The Commission has held, in such cases, that inasmuch as highway trucking companies could not haul profitably at rates which were adequate to the railroads, it was compelled to fix higher rates to guarantee a fair margin of profit to the trucking concerns.

In one instance, rate increases ordered as a result of this policy averaged nearly 50 per cent and cost shippers approximately \$970,000 annually.

CHIP  
Shots

By "Larry" Kelly

The rain on Sunday called a halt to the mad scramble that has been going on for the last several weeks in the ladder tournament. Of course it disappointed everyone not to be able to battle our friends from the Amador Club of Jackson, but weather permitting, we will go on with our team match next Sunday. Our club will gain by the postponement as Ronald Cook's finger will be in shape for Next Sunday, and our old rock, Mike Kelly, will be on hand, fresh from a fine vacation in the East. After pacing the floor, and making things miserable for their wives, several of the golfers finally arrived at the course, rain or no rain. So they gained by working over their game on the practice

## HIGH COURT'S CHANGE NOTED

Viewpoint Altered On Major Constitutional Question 2nd Time In Year

By RUSSELL TURNER

United Press Staff Correspondent  
WASHINGTON, (UP)—For the second time within a year the Supreme Court has altered its viewpoint on a major constitutional question to agree with Justice Hugo L. Black.

In May, 1938, Black urged that the century-old doctrine of reciprocal immunity of state and federal employees be overruled. Yesterday the court specifically overruled that doctrine and decreed that no constitutional bar exists to reciprocal taxation of state and federal employees.

In February, 1938, Black, President Roosevelt's first appointee to the high court, urged that federal courts should be bound, in matters not covered by written law, by rules of the courts of the state in which they are sitting. In April, 1938, the court promulgated such a rule, and specifically discarded an 1842 doctrine providing that in such cases federal courts must exercise their own judgment.

It was recalled also that on another occasion, the court reconsidered a patents decision when parties to the action asked for reargument on grounds first advanced by Black in dissenting from the original rulings. On this occasion, however, the court affirmed its first ruling.

While the court yesterday was creating a new precedent, Justice Felix Frankfurter was serving notice that he planned to revive a judicial custom not practiced for approximately 100 years. He announced that he considered it "appropriate" when important rulings are rendered, for each justice individually to "add a few remarks" to the majority opinion and clearly state his own views.

## Camino Couple Wed At Reno

Winifred Corker And Ernest Carsten, Jr., To Reside At Camino

Announcement was made on Tuesday by Mr. and Mrs. J. F. Corker, of Camino, of the marriage at Reno on Monday of their daughter, Miss Winifred Corker, and Ernest Carsten, Jr.

Mr. Carsten is the son of Mr. and Mrs. Ernest Carsten, of Camino and is widely known on the Pacific Coast for his excellence in trap-shooting. He is employed at the Barkley store at Camino and the couple will make their home in that community.

Both are county high school graduates and Mrs. Carsten was graduated also at San Jose State Teachers' College. Her husband attended Sacramento Junior College upon the completion of his high school work and following graduation returned to this county to accept employment.

Mrs. Carsten has recently been employed in the office of the County Assessor and upon their return from a short wedding trip, she will resume her work there.

We join with their many other friends in extending congratulations and all good wishes.

## CARL McMURRAY TAKES STATION LEASE AT GARDEN VALLEY

We learn that arrangements recently were concluded between Russell J. Wilson and Carl McMurray, of Placerville, whereby the latter leases the service station and equipment of the Russell J. Wilson concern, located at Garden Valley. Under the terms of the lease, Mr. Wilson retains the showroom for the display of Ford, Lincoln and Mercury automobiles and Mr. McMurray will be the resident representative for car sales, as well as operating the service station.

A. N. Weber, of the forest headquarters staff, was at China Flat on Tuesday.

MRS. SARAH SIMON, Placerville native who passed her eighty-third birthday on March 13, who died on Monday at San Francisco.

## MRS. SIMON IS SUMMONED

Funeral Services Wednesday At San Francisco; Burial Will Be Private

The funeral services for Mrs. Sarah Simon will be held at San Francisco on Wednesday morning from the Haisted mortuary chapel, 1123 Sutter Street. Interment will be private.

The announcement of Mrs. Simon's passing at the bay city on Monday came as a shock to her many friends in Placerville, by whom she is remembered in highest regard.

She was the mother of Frank and Albert Simon, of this city, and of Mrs. Florence Lee, of San Francisco and a dearly beloved native and for many years a resident of this community.

Mrs. Simon was born in Placerville on March 13, 1856. The home of her parents was on Coloma Street, near the present site of the Episcopal Church.

She became the wife of David Simon, who succeeded his father in the merchandising business which was known under the name of M. Simon and Son, and Mrs. Simon lived to see her sons carry on in the business which had been pioneered by their grandfather.

Of a quiet and retiring nature, Mrs. Simon in earlier life was active in civic and social affairs in the community and was always ready and willing to assist in a worthy cause.

Her many womanly virtues she demonstrated during almost a lifetime of residence in the community.

About four years ago, she moved to San Francisco to establish her home there and although she enjoyed living in "the city," she was always happy to return to Placerville and was a frequent visitor here.

Mrs. Simon had been a member for many years of Fallen Leaf chapter No. 90, O. E. S. of this city.

Her daughter, Mrs. S. L. C. Lee, of San Francisco, and the two sons, Albert and Frank Simon, of this city, survive her. She also was the mother of the late Jessie Simon and the late Della Schweich.

Mrs. Simon is survived, in addition to the immediate family, by two grand-daughters, Mrs. Helen Weill, of Dallas, Texas; and Miss Jeanette Simon, of Placerville; and by two great-grandsons, Harold and Kenneth Weill, of Dallas.

## COLOMA HAPPENINGS TO BE SIFTED BY OFFICIALS

District Attorney Henry S. Lyon announced Tuesday morning that he has requested Sheriff George M. Smith to make a thorough investigation of reported disorders at Coloma on Saturday night.

Pointing out that no complaint has been made to officials from any source, Mr. Lyon declared that the matter has come to official attention as a result of widespread popular report and that the nature of the reports are such as to warrant an inquiry into the matter.

"We are going to look into the whole affair," Mr. Lyon said when asked whether the inquiry would be limited to any particular phases of the reported disorder.

## MADRID FALLS TO FRANCO

Britain Has "Concrete" Plan For Opposing Future Nazi Expansion

By UNITED PRESS

The armies of Gen. Francisco Franco triumphed in Spain today when Republican resistance had crumbled and Madrid was surrendered to the nationalist troops.

Developments:

MADRID—Franco directs 200,000 soldiers, with Italians in van, occupying starved city after Republicans run up white flag. Resistance elsewhere collapses as Republican chiefs flee to neutral warships. Franco promises pardon to all Republicans not guilty of crimes; will set up fascist type state.

LONDON, (UP)—Prime Minister Neville Chamberlain indicated today that Great Britain's plan for a four power "stop Hitler" front includes concrete measures against any future aggression in Europe.

Although the prime minister did not say that a military alliance was proposed, he declared that Britain's proposals to France, Poland and Soviet Russia go beyond plans for mere consultation in event of aggression.

Answering questions in the house of commons, Chamberlain refused to give details of the consultations still in progress with European powers as a result of Nazi expansion in central Europe and the threat of further dislocation of frontiers by the armies of Adolph Hitler.

## April Center Schedule

Coloma Meets On First Monday; 4-H Fun Night Is Advanced One Week

The April schedule of meetings in the county farm bureau was posted Monday at the office of the Farm Advisor.

High-lights on the schedule are the meeting of the county directors, on April 13, the county 4-H Council meeting, on April 19, and the 4-H Clubs' annual fun night, originally set for April 29, but now advanced one week to April 22.

An additional special event is the scheduled "Youth Day" at the world's fair at Treasure Island to which 4-H Club members are invited. This will be on April 5.

The center meeting schedule is as follows: Coloma, April 3; Camino, April 4; Summit, April 6; Northside, April 7; Rescue, April 14; Kelsey, April 21 and Missouri Flat, April 28.

## DR. ANDERSON'S PARENTS FETE GOLDEN WEDDING DAY ON SUNDAY

Dr. and Mrs. L. J. Anderson, Miss Coralee Anderson and Betsy and Bruce Anderson were at Vallejo for the weekend at the home of Dr. Anderson's parents, Mr. and Mrs. A. Anderson who on Sunday observed the fiftieth anniversary of their marriage at San Francisco on March 27, 1889.

All members of the family except one grandson, who is enrolled at Annapolis where he will graduate in June, were present to join in the observance.

In addition to Dr. Anderson and his family, there were present Dr. Anderson's sister, Mrs. C. H. Dean, and her husband, and another sister, Mrs. Lorena Martin and her daughter.

## Placerville Couple Wed Friday Afternoon

The residence of Miss Alice Brown, on Coloma Street, was the scene of the marriage on Friday afternoon of Miss Grace E. Stewart and Milton E. Solt, of Placerville. Rev. Harold Morehouse performed the ceremony. Mr. Solt is employed by the state and Mrs. Solt came to Placerville two weeks ago from Petersburg, Nebraska. The couple will make their home in Placerville.

## Chatted With King

Mrs. Rachel Cantor, of Kew Gardens, N. Y., returns home with memory of her hour in spotlight as guest of King and Queen of England. When the royal pair entered British Industries Fair in London, Mrs. Cantor wasn't agile enough to "make way for their Majesties," so Their Majesties stopped and chatted with her.

## GROWERS CHEER "RAINMAKER"

Mississippi Woman "Produces Rain" In Face Of Fair Forecast

FROSTPROOF, Fla. (UP)—Enthusiastic citrus growers today hailed Lillie Stoaite, the so-called "rainmaker," from Mississippi, as the savior of their drought-parched groves.

Miss Stoaite, a gray-haired dear woman of 67, was credited by the citrus men with having broken a long, damaging dry spell by her three-and-a-half day vigil beside the shores of Lake Reedy.

The drought was broken late yesterday by drenching rains in the Frostproof area, and weather reports today said heavy showers throughout the heart of the citrus belt materially eased the arid conditions.

The showers cascaded over the parched citrus lands after federal meteorologists in the section forecast Sunday that no rain was in prospect for at least a week.

Miss Stoaite was brought here by a group of Frostproof growers from Oxford, Miss., her home, where she had been noted since 1916 for her ability to "make it rain."

## 2-Day Stay Is Granted In Justice Court

That the state highway patrol has adopted a policy of checking up on the drivers of automobiles which are found wrecked and momentarily abandoned was indicated Tuesday morning when John Krein, of Diamond Springs was taken into the Placerville Justice Court on charges of violating County Ordinance No. 113, relating to drunkenness on the highways.

Krein's car, officers H. B. Fowler and Charles Flick, of the highway patrol, reported, was found wrecked and abandoned on the highway last Friday night.

Krein was found guilty under ordinance 113 and was sentenced to pay a fine of \$25 or serve twelve and one-half days in jail. His request for a stay of execution until Wednesday was granted.

## Eastern Star Chapter Has Initiation

The regular meeting of Fallen Leaf Chapter No. 90, O. E. S., on Monday evening, had as a special feature the initiation of a new member, Miss Irene Anderson of the high school faculty.

The entertainment program for the meeting and the social occasion which followed had been arranged by a committee appointed by Worthy Matron Laura Ball. Co-chairmen of the committee were Mrs. M. D. Morris and Mrs. H. N. T. Schultz.

## Raffles Hotel To Have Day-Time Parking Lot

L. A. Raffetto, mine host of Hotel Raffles, announced Tuesday morning that the building at the corner of Quartz Alley and Pacific Streets are being razed and that the area will become an auto parking lot for the use of day-time patrons.

## PRORATE MODIFICATION TO BE AIRED IN COMMITTEE

Senate Group To Hear Farming Interests In Renewal Of Hearing Opened During Recess; Republican Economy Bloc Hits Budget

By JOHN W. DUNLAP

(United Press Staff Correspondent)

SACRAMENTO, (UP)—Demands for modification of the Agricultural Prorate Act and economies in Gov. Culbert L. Olson's \$557,000,000 biennial budget were made today in the legislature as the spotlight veered temporarily away from the unemployment relief problems.

California State Grange members conferred to study recommendations to present to the senate agricultural committee tonight. Prorate opponents were to renew heated criticism made at a February interim hearing.

A Republican economy block in both houses asked the Governor to call a citizens' budget conference in an effort to reduce state spending.

Meantime the assembly will act as a committee of the whole beginning tomorrow to question departments and others on the record budget.

Assemblyman Gerald C. Kepple, R., Whittier, announced he had some 200 amendments proposing the budget reductions and would lead the economy fight.

The budget conference resolutions, sent to committee in both of the houses, asked naming of two representatives each of the farm bureau, state Grange, agricultural council, real estate association, state chamber of commerce, grocers association, congress of industrial organizations.

(Continued on page 3)

## 55th Wedding Day Observed

Mr. And Mrs. Richards Came To Placerville Fifty-Three Years Ago.

Friends numbering approximately thirty called at the home of Mr. and Mrs. Ephraim Richards on Nob Hill on Sunday to extend felicitations to Mr. Richards on the fifty-fifth anniversary of their marriage on March 26, 1884.

Although the storm of the day made it impossible for a number of others who might have called to get out, there were many who sent cards, and a number who sent cakes and other remembrances of the occasion.

Mrs. Marjorie Dick, niece of the honored couple, came up from Corona to spend the day with them and remain for several days afterward; and one other niece, Mrs. Peter Pernie, and her husband, came from Mendocino County for the day. Mr. and Mrs. N. C. Gross, of Fruit Ridge, were among those who called during the day, Mr. Gross being a nephew of her couple.

Both Mr. and Mrs. Richards were born in Iowa, near Burlington, and were wed at that city, coming to California and to El Dorado County in 1886. They resided in Blair's district for many years, where Mr. Richards was one of our successful ranchers and sold their property about 1917 and moved to Placerville, purchasing their present residence on Nob Hill.

Both Mr. and Mrs. Richards were very much pleased to think "so many of our friends remembered the day" and Mrs. Richards was especially anxious that it be said that the cakes and other gifts and remembrances are gratefully appreciated.

We join a little belatedly but none the less sincerely in appropriate wishes.

Director Parker takes office April 1, succeeding A. A. Brock.

J. W. CASWELLS REJOICING OVER ARRIVAL OF GRAND DAUGHTER

Mr. and Mrs. J. W. Caswell, of Cold Springs, report the birth of a daughter, Meredith, to Mr. and Mrs. Francis I. Righter, at Berkeley, on Friday.

Mrs. Righter is the former Harriett Caswell and the arrival of Meredith marks Mr. Caswell's debut as "grandpa."

We are glad to report that mother and baby are doing nicely.

Mr. and Mrs. W. J. Davey were in town from Garden Valley on Tuesday, attending to business matters.

## YOU'RE TELLING ME!

By AXEL STORM

FARMERS ARE now told not to let their hogs get overweight, excess fat spoiling the bacon. Maybe that's right but somehow we don't think we'll ever become accustomed to streamlined pigs.

Penguins, we read, are the only birds to walk absolutely erect. And the only ones nutty enough to make their home at the South Pole.

New York City consumes 200,000 carloads of fruit, largely apples, a year. Sounds like a bad place for a doctor to set up shop.

That new 200-inch telescope will bring our lunar satellite within a

few miles of the earth. We thought the Man in the Moon looked sort of pale lately.

Prime Minister Chamberlain need never be out of work. Almost any circus would be glad to give him a job as tightrope walker.

How can baseball be the national game when so many know so little about it they think a fielder's choice would naturally be either a blonde or a brunette?

The man at the next desk says he was so strapped financially a few years ago he hired out his chin as a textbook in a barber college.

## Good Child Guidance Samples

Mother Goes Skating With Children; Father Takes Son to Lunch Each Week

By GARRY C. MYERS, Ph.D.

FROM widely-scattered areas of the United States and Canada, during the last several months, I have personally observed or read in letters from my readers a number of good things related to child guidance. Let me name just a few.

A mother who often goes with her growing children and their playmates hiking, skating, coasting, skiing and to visit museums.

A dad who once a week takes his 14-year-old boy to lunch, after which they go to a game or movie together. I wish more dads did that.

A pair of parents who, having debated the choice between a new rug and a set of reference books for their five children from four to fourteen, agreed on the books. They said the rug would perish anyway.

## Dinner Hour

Another pair of parents who consider the dinner hour with their growing children a good time for wholesome family conversation, enjoyment and education. Therefore, they keep the radio silent then.

A father who exercises so much self-control when he helps his boy of ten with his reading that both are calm and comfortable all the while. No sign of anger in the father's voice, not even in the way he looks or breathes. He doesn't scold the child for his errors in learning; rather, he helps the boy celebrate successes.

A P.T.A. which has all its programs centered about better neighborhood and better home-school cooperation.

## Church Program

A church with a wholesome recreational program that strongly appeals to young men and women. Another church never known to have resorted to rallies or other means of gambling to raise money; also some P.T.A. groups like that.

A Utah family in which every member highly respects the personality of every other member; where the parents don't interrupt a child in conversation with a guest. At least they didn't when I was the guest.

A high school teacher who never resorts to shame, ridicule and sarcasm. There must be several hundred such teachers in the country.

A parent who never makes fun of his or her own children. They're pretty hard to find; I've been guilty myself when off guard, but never again, I hope.

A college student who never has been known to write, write or telephone to his parents to send him things he forgot to take along; who always has packed his own baggage, sent it to the station, checked it himself, and bought his own ticket; who on coming home on vacation spends some time with his parents and shares with his mother the extra work his being home occasions.

## Claims World Milk Record For \$5,000, 2-Gallon Goat

By Central Press

BEVERLY, MASS. — Greatest milk-producer in the world on a weight-for-weight basis is the claim advanced by Walter Tindley, Beverly, Mass., farmer, for his prize goat, T. X. Marine's Jonquil, with which he is pictured.

In nine months, Jonquil has given 1,966 pounds of milk, more than twenty times her own weight. Not even championship cows can approach that feat, boasts the proud owner.

Valued by Tindley at \$5,000, the goat produces two gallons at one milking.

Goat's milk, according to medical authorities, is an ideal food, more easily digestible than cow's milk and rich in proteins that rebuild body tissues, and mineral salts that maintain biochemical balance in the body.

## Sports Parade

By HENRY McLEMORE

DAYTONA BEACH, Fla. (AP) — Time and tide wait for no man, and that goes for horses, too.

The time for my vacation to end came just at the time the tide was right for Greyhound, world's greatest trotter, to test the sands of Daytona Beach as a track for a try at the world's straightaway record.

So the two of us met there on the beach. Greyhound in the same old coat he was wearing when I last saw him in Goshen a few years ago, and I in the same old coat I wore to that running of the Hambledonian.

It was nice to see Greyhound again after four years. He is the only thing I have seen after four years who didn't look me over carefully and say: "My, you've put on a lot of weight, haven't you?" Greyhound paid no attention to my 180 pounds nor I to his 960.

In fact, Greyhound paid little attention to anything except the ocean. He had the same look on his face that Balboa must have had when he suddenly stumbled onto the Pacific. Kentucky born and trotted made it plain that the Wadsworth raised, the seven-year-old bash by moonlight and the smell of new mown hay had not prepared him for the booming of waves and the shrieking of sea gulls.

It was with much reluctance that Greyhound pulled his racing suik and driver, Sep Palin, out on the beach. During all his workouts down the beach he kept one eye suspiciously cast toward the ocean, and kept swinging toward the dunes.

## WHISKERINOS TO MEET FIRST, THIRD TUESDAY OF EACH MONTH

Placerville Whiskerinos will meet regularly henceforth on the first and third Tuesday night of each month at the Eagles Hall building opposite the courthouse.

This was the announcement of "Chief Whisk Broom" Harry Dunlap following the meeting of the organization held Monday night at the shed of the Lambert Marketing Company.

Approximately eighteen members of Placerville and vicinity were in attendance in addition to six cars of visitors from Folsom, who joined with some of the Placerville members in an auto procession through the business district before the meeting convened.

In addition to matters of "enforcement" which were taken up, the meeting was entertained by a "haywire" orchestra and by the appearance of a troop of trained dogs. There also were songs by the quartet.

## NEWS PERSONALS

William Higgins was a caller from the Aukum section Tuesday, attending to business at the headquarters of the Agricultural Conservation Association.

Wallace M. Ripley, secretary of the Chamber of Commerce, was at his desk again Tuesday morning after being confined at home for several days with a severe cold.

Forest Supervisor Edwin F. Smith and C. C. Herbert, forest road superintendent, were at Lake Valley Tuesday.

Mr. and Mrs. Eric Johnson and son, Bryce, Mrs. A. Hanley and Mrs. F. Anderson are home from a trip to the southern part of the state which included stops at Los Angeles, San Diego and at Tijuana, Mexico.

## Today's Fashion

Jumper style.

By VERA WINSTON

THE "little girl" frock is doing well on both sides of the Atlantic. It is essentially a youth fashion and so should be eschewed by all who are mature in figure or years. There are enough smart and becoming fashions for everyone this year. This "little girl" frock is done in jumper style. The dress itself is of black crepe and is tucked in center front, where the fullness is released. The blouse is of powder blue nixon, and has a small Peter Pan collar and full bishop sleeves. The sash ties in a soft bow in back and a bunch of flowers is pinned at the waist.

## Douglas Approved By Senate Committee

WASHINGTON, 41st—The senate judiciary committee today quickly approved the nomination of William O. Douglas as associate justice of the Supreme Court and sent it to the senate, where confirmation is expected.

## FARMERS' CORNER

(Continued from page one)

nally. The same policy was laid down by the Commission in rejecting proposed rail rate reductions for the transportation of canned fruits and vegetables, beverages, soap and other articles, despite the fact that the rate reductions proposed by the railroads would have saved shippers tens of thousands of dollars.

California agriculture is dependent on all forms of transportation and is not and cannot be a party to attempts to discriminate in favor of one or against another.

But the farming industry certainly cannot afford to pay excessive freight charges simply to enable more costly forms of transportation to operate at a profit in competition with other transportation agencies which could, if permitted, handle the business at lower rates.

There are undoubtedly instances which trucking companies can underbid the railroads. And there are other instances in which ships can underbid both the trucks and the rails.

It would seem that the sound principle to preserve for the public the cheapest and most efficient form of transportation, in each instance, irrespective of whether the service is performed by water, rail or truck.

And that principle is the policy laid down in S. B. 1115 and A. B. 1672, the two corrective measures now pending before the Legislature. Farmers who are anxious to reduce their shipping costs on intrastate hauls should make it their business to get in touch with their legislators and urge their support of these bills.

## Scout Mothers Arrange Card Party Prizes

The Mothers of the Boy Scouts of Troop 67 report that the list of prizes to be awarded at the whist party to be given Thursday night at the I. O. O. F. hall is about complete.

Proceeds of the party will go to the Boy Scout troop for the purchase of equipment. The mothers of the boys are providing the premiums and although some are being purchased, others will consist of fancy work which the mothers themselves have prepared.

## Modesto Man Appointed To Placerville Post

Ford Park, manager of the Modesto office of the state Employment Service, has been named to succeed Alston W. Sutton, manager of the Placerville office in the Employment Service, who is being advanced to have charge of the office at Vallejo.

Mr. and Mrs. Park were here from Modesto Monday arranging for quarters and hope to move here the fore part of next week.

Mr. and Mrs. Sutton are expected to move to Vallejo about April 15.

Half past six offers two attractions on the air lanes, and you'll find Mr. Goodman at KSFO and Fibber McGee at KPO.

The Bob Hope program continues from seven o'clock at KPO and at 7:30 Jimmie Fidler talks on KSFO for fifteen minutes, when you can move back to KPO, if you care to, and have a piece of candy with the night editor.

While Amos and Andy carry on at the same time and place, they have competition with a spelling bee on KSFO, and at 8:30 there's a choice of staying with KSFO for Edward G. Robinson, or moving over to KPO again for the Russ Morgan program. An amateur hour. KGO, at 8:15.

Nine o'clock and Dick Powell tops a program on KSFO with the Gene Krupa organization on KPO. The Grouch Club follows Powell and a carnival's on in the second half of the hour on KPO.

**NEW SCIENCE TEACHER FOR HIGH SCHOOL IS ENGAGED**

The administrative re-arrangement announced last week at the high school was completed Monday with the appointment of Edwin A. Patriquin to the faculty in the school science department.

Mr. Patriquin, a graduate of the University of California who also has done postgraduate work there, will relieve M. E. Wright of his science department duties so that he may devote the greater part of his time to the office of acting principal.

This, in turn, relieves Principal B. E. Larson of his office work so that he may devote his attention to representing the school board in the current building program.

Kern County has a greatly increased acreage in flax.

**Washington Day By Day**

Terse Commentaries on People and Places . . . Gentle Iconoclasm with no Favorites Played

BY JIM POPE

**WOULD REMOVE VICE FROM MR. GARNER**

Our Vice President, Texas' paradoxical John Nance Garner, constantly achieves showmanship by subtly shunning the klieg lights of spectacularism. And it is not just a pose—he sincerely detests vainglorious publicity. Mr. Garner is a paradox but never a paragon. He hates what politicians love, yet politicians may earn from him all there is to be known about politics.

In referring to Vice President Garner as a politician he is not only in the sense that he is in politics, and not that he is a demagogue. Were we out to pick a demagogue from among Washington's political heavyweights we would never select that sturdy Texan who mans the Senate's control levers.

Most politicians learn politics by being double-crossed by other politicians—and by their own progressive ventures in double-crossing—but those who learn at the feet of the rugged Cactus Jack usually go places and see things. Graduates from the hard curricula of the Garner school are seldom left forsaken nor are their seed found begging.

And now Texas wants to send a President to Washington. They propose to do this by thorough and simple expediency of taking the Vice from Vice President Garner. A determined Texas is always a force to command respect, and it must be remembered that California Democrats once went to a national convention with their delegates instructed for Jack Garner for President!

**WE WANT MUCH BUT WILL GET LITTLE**

While bloody hands write world history in inscrutable clichés of surge and thunder, and the Jew continues to take it on the chin, as he has been forced to take it through the 35 centuries from Abraham to Einstein, our government has its problems at home. These do not deal directly with armed conflicts nor hostile air raids, yet they are nonetheless serious.

First, the matter of restoring, or not restoring, the \$150,000,000 which Congress chiseled off of the Administration's demand for WPA appropriation is still the apple of discord. Relief administrators claim they cannot pull through without it, and are ordering future relief taken from hundreds of thousands, while Congress says we are spending too fast and must apply the brakes gently.

Then there is the problem of vital importance to agriculture, the proposed farm tenancy program and aid for cotton and grain growers if diverse sections could agree upon legislative details. Also, the revision downward of burdensome taxes, with the proposal bogged down in the fear that reduced Government revenue will impair the Government's heavy spending program.

**BIG AND LITTLE BUSINESS**

A lightening of the tax burden is recommended as a tonic for business but tied in with and to big business recovery plans are the needs of men engaged in small business. They would tax big business for funds to set up some system of liberal but low-cost credits for small business.

**COSTLY FAMILY QUARRELS**

As for labor, any constructive changes in the Wagner Act must wait until warring factions within organized labor itself bury the family hatchet. It has been charged that some self-anointed labor tycoons are more proficient in exploiting the workers for union dues than in protecting workers' interests.

THE MOUNTAIN DEMOCRAT

**NATIONAL DEFENSE**

The international picture changes with such thundering rapidity that a story must be rewritten before the ink is dry on the first paragraph. Conquest takes over the press type-writer, and Mars sits poised over the teletype.

But this country is going in for national defense in a big way, and with all the speed afforded under a democratic form of government. We are blessed in having a goodly supply in both conservatives and liberals. The country could not get along without either, but anti-New Dealers are doubly vexed by all this war talk. Conservatives who recognize the need for stronger air and naval forces, and who admittedly fear that the inevitable world crisis will seriously threaten our country, are doubly fearful that the inescapable upsurge of patriotic fervor, if it should come at the psychological moment, would inexorably catapult President Roosevelt back into the White House for a third term.

Meanwhile our State Department, acting under F. D. R.'s orders, officially calls Hitler a skunk and a scoundrel—without doing it phonetically.

**Fathers' And Sons' Dinner Tonight**

The annual fathers' and sons' dinner will be held tonight at 6:30 for the dinner to be prepared by the church ladies and for an address by Attorney Sumner Mering, of Sacramento, with an entertainment feature to be staged by a sleight of hand performer billed as "The Mysterious Pay and Lady Ellen."

W. T. Henderson, chairman of the District Boy Scout executive committee, under whose auspices the dinner this year is being held, will be toastmaster of the evening. Attendance of approximately one hundred sixty is indicated.

(Continued from page one)

Next Sunday will also find the course in better shape than ever, with all the greens renewed. With four men working as fast as possible we were able to finish only seven of the greens last week, along with cutting the entire course. So, with an extra week, all the greens will be in wonderful shape. The golfers will have their dish of poisoned carrots. The new tee on number 5 will be in, making a wonderful par 3 hole out of a poor par 4. This improvement will add much to rounding out and adding interest to the course. The new greens have proven that a course such as ours is equal to the finest grass course in the country.

April 1st will find twenty to thirty new members signed up by the hard fighting membership committee. Next week-end everyone should start turning in their score for every round. When five score cards are turned in it will be possible to give every player his proper handicap. The Club Championship and Presidents Cup tournaments are being planned for the latter part of April along with many other interesting tournaments; so get your cards in real soon so we may have your proper handicap.

Now that the greens are in perfect condition, as well as the fairways, it is and should be the duty of each and every golfer to be sure to, and help to keep them in fine shape. Replace your divots, be careful in sweeping the greens not to sweep all the sand off the green. It helps much to keep the greens enjoyable to all by sweeping in toward the cup rather than away and off the green. The most successful club is made up of members who are ever conscious they they are a part of it and who do just as they expect all others to do to help keep conditions always enjoyable to all. E PLURIBUS UNUM.

Don't forget next Sunday, April 2nd—Jackson vs Placerville Golf Club. Everybody be hot, as we have to win.

**TWO SAFES, OLD SCALES FOUND UNDER FLOOR OF BUSINESS SITE**

Workmen under the direction of Contractor Frank Schmershal, who have been wrecking the frame building on Main Street opposite the Quigley store preparatory to erecting a brick building on the site for Walter Preddy, of San Francisco, found three interesting relics Monday afternoon.

The articles were two old safes and an old pair of scales and they were found in an old cellar under the fore part of the frame building.

One of the safes, described as "a small combination," was damaged beyond use, even as a relic, and was taken to the city dump. The other safe, larger, and described as "an old lock type" was turned over to the county historical society, as were the old scales, which "must have dated from an early day because the unit of measure was marked on a bar across which a hand pointed, rather than on a dial," workmen said.
